Speakers' Profile 講者簡介
Dr Martin Szeto, Chief Operating Officer, ASTRI

香港應用科技研究院首席營運總監 司徒聖豪博士

Dr Martin Szeto, ASTRI's Chief Operating Officer, has professional knowledge and more than 30 years of experience in international business development, business strategies, technology transfer, and product marketing. With extensive experience in the public, private and commercial sectors, Dr Szeto worked across various parts of the Asia Pacific region. Before joining ASTRI, he was the Managing Director of Microban International (Asia), a US-based leading bio-chemical company. Prior to that, he served in Groz-Beckert KG (SAL) as Deputy Managing Director, in addition to other management and executive positions in multiple international companies.

Dr Szeto holds a Doctor of Business Administration degree from the Hong Kong Polytechnic University, and a Master of Business Administration degree from Northeast Louisiana University. He is a member of the Hong Kong

Institute of Directors. He also taught at the Hong Kong Polytechnic University as a guest lecturer in the Master of Corporate Governance Degree programme.

Dr Szeto is familiar with global economic affairs, innovation trends, and commercialisation of technologies.

Mr Ralph Xu, Senior R&D Manager (Green Transportation), APAS R&D Centre

汽車科技研發中心高級研究及發展經理 (綠色運輸) 徐偉瑜先生

Mr Ralph Xu is now the Senior R&D Manager, Green Transportation at APAS R&D Centre. He joined APAS R&D Centre recently with his solid background of automotive industry and electric vehicle development. He has been working in automotive industry for 17 years, with profound experience in R&D, manufacturing and quality control.

Mr Xu obtained bachelor's degree of engineering in Shanghai Jiao Tong University and started his career in automotive industry as quality engineer in Honda's local joint venture. He is equipped with broad knowledge of vehicle engineering, component design and development, and good understanding of automotive suppliers. Along with the booming of EV market, he started the EV development career in DENZA, the joint venture of Daimler and BYD from 2011. Throughout 10 years, as R&D manager, he participated in the

development of 4 BEV and 1 PHEV models. He has vast experience on EV project planning, product development, testing and validation. He provides a unique insight of EV industry with the knowledge of electric vehicle integration, HV system and EV testing.
